Steel & Bi-Metals	Mid-Ohio, Heartland Metal Exchange (Edison)
Wire Hangers	Kimmel Cleaners
Yard Waste	Mt. Gilead Waste Water Treatment Plant (rear)

Under no circumstances will any other types of items of any kind such as hazardous materials, trash, toys, furniture, tires, etc be permitted to be left at the recycling sites. To do so will be a violation of Ohio State Litter Law Revised Code 3767.32. **Fines up to $500** and sentences up to **60 days in jail** could be served to anyone who decides to leave miscellaneous items other than residential home recyclables at the sites. **All violators will be prosecuted.**

Recycling Preparation

RINSE

If not rinsed, food debris causes bacteria. Contamination may cause materials to be rejected and sent to the landfills.

FLATTEN

For easier handling and to save space flatten all cardboard, cans, and plastic containers. Please do not break glass containers.

REMOVE LIDS

Metal lids can be recycled, but plastic lids cannot in Knox, Marion & Morrow Counties. **One exception, Delaware County drop-off bins will accept the plastic lids, but must be attached to the plastic bottle/jar.**

SEPARATE

The recycling drop-off bins in Knox, Marion, and Morrow County have different sections. Please use the correct section to avoid contamination. Check with your local curbside or recycling center operators to find out how they would like items to be separated. Delaware County has single stream recycling drop off bins *(the separation does not apply)*.

REUSE

Store and transport recyclables in reusable containers. Recyclers will not accept material in plastic bags. Do not put plastic bags in the drop-off bins.

REDUCE

If you can't recycle a package, look for an alternative product packaged in a recyclable container.

Morrow County

Special Wastes Require Special Handling

Household Hazardous Waste (HHW)

Every spring and fall DKMM offers HHW collection events. Call your local Recycling & Litter Prevention Office on page 3 of this guide for more information. **Absolutely no paint** will be accepted.

Paint

Donate good/useable paint to churches, civic organizations, schools, youth groups, community theaters that might use it for special projects. Your local Habitat for Humanity Re-Stores accepts good used paint. You can take the paint donations as a tax credit.

> *Drying paint*
> *You can air dry paint, away from children and pets, by putting it into a box or bag along with kitty litter, shredded newspaper, or floor-dry. Some home improvement stores sell an inexpensive paint hardener. Once the paint is in a solid form you can dispose of it in your regular trash. Put the empty paint can, with the lid off, out with your regular trash.*

Propane Tanks

You can take these to several local exchange stations in your area. Check out your county's 'ACCEPTED ITEMS' page in this guide. Twenty pounds or less tanks can be taken to household hazardous waste (HHW) events. the maximum is 20 pounds. Call your local Recycling & Litter Prevention office on page 3 of this guide for more information.

CFL Fluorescent Light Bulbs *(spiral design)*

Home Depot, Lowe's Home Improvement Stores, Menard's and Batteries Plus will take the spiral design bulbs. Some take the fluorescent tubes as well. Batteries Plus (pg 10) will also take in the incandescent bulbs as well. Look in your local phone directory and call for details.

Abitibi Paper Retrievers

There are many Abitibi Paper Retriever bins located throughout Delaware and Knox Counties. The Paper Retrievers accept junk mail, magazines, newspaper, office/school paper and order catalogs. Please check their website for locations at **www.paperretriever.com**
