Marion County Sheriff Tim Bailey is seeking the public's help in identifying the skeletal remains of a female located in northeast Marion County on March 10th, 2007. The remains were sent to the National Center for Missing and Exploited Children in Alexandria, Virginia where forensic experts recently completed a facial reconstruction. The photograph represents what the woman may have looked like at the time of her death. The hair style is the artist's estimation and may have been worn differently than the victim.

The female is described as:
Age between 15 - 22 years of age
Height approximately 5'3" to 5' 9"
Weight between 125 and 150 pounds.

While the decedent is believed to be Caucasian, the possibility that she was of Hispanic or Asian descent has not been ruled out.

Anyone with any information is asked to call the Marion County Sheriff's Office at 740-382-8244, Marion Ohio Law Enforcement TIPS Line at 740-375-TIPS (8477) or their local law enforcement agency.
